Below this, there are several bottles of perfume and cologne. A yellow starburst graphic in the center says "SAVE UP TO 50% OFF U.S. RETAIL PRICES". To the right, a box highlights "Select Locations Open 24 Hours" and "SAVING 20% & NO SALES TAX". It also mentions "NOT ENOUGH TO STOP? Here's 10 More!" and a "\$10 off a \$50 purchase" offer. At the bottom, it says "ABSOLUTELY NO TAX!...NEVER!" and lists locations for I-190 to I-190 Exit 9 and I-190 to Duty Free Exit Lewiston-Queenston Bridge Plaza. A small note at the bottom right states: "Limit 1 coupon per visit, valid on regular prices merchandise only. Coupon has no cash value and expires 6/1/12. NTCC11. # Beyond Niagara

Just a short drive away from Niagara USA, you can experience the other wonders the Greater Niagara Region has to offer.

The city of Buffalo is just at the other end of the Niagara River and about a 20-30 minute drive from the Falls. Best known for the Bills, Sabres and chicken wings, the city also boasts historic architecture, a bustling theatre district and many outdoor summer festivals.

An hour and a half south are the charming towns of Chautauqua and Ellicottville.

Chautauqua is home to the Chautauqua Institution, a cultural and intellectual center that is recognized throughout the world. Ellicottville is best known for its downhill skiing, welcoming accommodations, quaint village shops and restaurants.

# Fish Niagara

Niagara - The very name means water!

Niagara County is surrounded by water and, as a result, has become a recreational haven for anglers, boaters and a host of other outdoor enthusiasts.

The Niagara River, Lake Ontario and Erie Canal all contribute handily to a long list of outdoor activities that include – but are not limited to – fishing, hunting, boating, canoeing, kayaking, sailing, jet skiing and more. Niagara USA offers a true outdoor experience for the whole family.

## FALLS REGION:

The area above Niagara Falls, which includes the upper Niagara River, is also a respectable fish mecca. This shallower water body focuses on warm water fish like bass and muskellunge. Reel in that fish of a lifetime or soak in some of nature's splendor. Niagara is also an excellent area for birding, recognized internationally as an Important Bird Area. A Niagara River Greenway Corridor is currently being developed from Buffalo to Youngstown.

Salmon caught in the Niagara River.

## RIVER REGION:

The Niagara River, carrying the water from the upper four Great Lakes, exudes power. It's also the lifeblood for a host of fish species that call Niagara their home - including salmon, trout, bass, muskie, walleye and more. Fishing activities below Niagara Falls exist 365 days a year, with some of the best trout fishing in the world taking place during the late fall, winter and early spring. Lewiston and Youngstown are both excellent spots for charter activity or for people to haul their own boats. These quaint historic villages are perfect getaways to fish or frolic on the local waters and relax in town.

## LAKE REGION:

Lake Ontario offers up one of the finest trout and salmon fisheries on the Great Lakes. Wilson and Olcott are two ports that have gained excellent reputations in the world of fishing. Winning LOC Derby fish came from famous the Niagara Bar throughout the last decade. Last year, all three Grand Prize catches came from Niagara USA - the first time that's ever been accomplished! In 2004, Olcott produced a new state record steelhead - a 31 pound, three ounce fish that shattered the previous record by more than four pounds!

Off the mouth of the Niagara River on the Niagara Bar and to the east, spring and summer salmon fishing is as good as it gets. Let's not forget the

To learn more about the area's outstanding fishing resources, request a copy of the **Greater Niagara Hot Spot Fishing Map**. It's FREE! Lists of charter captains, bait and tackle shops, launch ramps and much, much more. To order call 1-877-FALLS US or visit us at [www.niagara-usa.com](http://www.niagara-usa.com).

excellent tributary fishing in places like 18 Mile Creek and Burt Dam each Fall. Great fishing, great access and great fun for the whole family!

## CANAL REGION:

The Erie Canal is a blossoming recreational waterway that's underrated by many. While it's most noted for boating and its historic value, fishing can be very good for warm water fish species like pike, bass, carp and panfish. It's also a great venue to paddle a canoe or kayak - from Middleport to North Tonawanda and all points in between. Ride a bike or take a hike along the Towpath, too.

Both largemouth and smallmouth bass are available throughout the region, like these Wilson bucketmouths.

Even young anglers can catch steelhead year-round in Niagara!
